Important Information

**New
Blue Bins**

The shape and size of recycling bins is changing – pick your new bin size now!

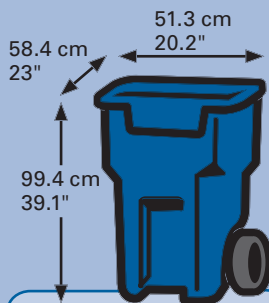

The City is targeting 70% waste diversion from landfill by 2010. To help us get there, every house in Toronto will receive a new Blue Bin to replace the current blue/grey recycling boxes. You must use your new Blue Bin to receive collection service.

The Blue Bin can be stored outside, has wheels so it moves easily and a lid that protects contents from bad weather and the nuisance of blowing litter.

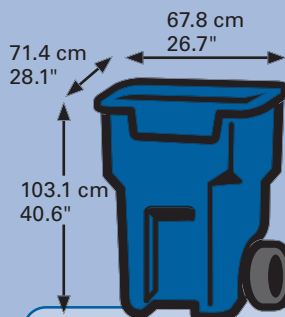

When choosing the size of your Blue Bin, please think about going larger, rather than smaller, because we expect to add new recycling materials in the future.

The new Blue Bin will be delivered to your home over the next several months.

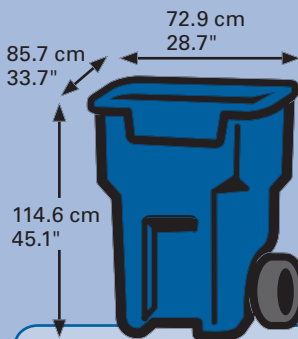

Your collection day remains the same and recycling and garbage pick-up continues to alternate every other week.

Medium = 2 blue boxes

Large = 4 blue boxes

Extra-large = 6 blue boxes

Step 1: Pick your Blue Bin size

Choose from three sizes of Blue Bins: Medium (M), Large (L), or Extra-large (XL). Think about how many blue/grey boxes you set out every two weeks and the potential addition of new material to determine your new Blue Bin size. Most of the families that tested these new bins found the Large-size Blue Bin worked best for their needs. There is no cost for the new Blue Bin. Please choose carefully because there will be a charge if you decide to change your bin size.

Step 2: Let us know your Blue Bin size choice

Choose one of three options for placing your Blue Bin order:

- 1. On-line:** via the website at toronto.ca/target70
- 2. Automated Telephone Order Line:** call 647-288-1088
- 3. Mail:** complete enclosed postage-paid order card (use blue or black ink) and mail it back

If you order on-line or by telephone, please have the enclosed order card with you, as you'll need information printed on the card to complete your order. **Please return the enclosed order card by February 22, 2008. If you miss this deadline, the Large-size Blue Bin will automatically be delivered to your home.**

For more information about the new Blue Bins, visit: toronto.ca/target70
