Greeting Mayor Chow

As a resident of Trefan court/Corktown since 1990, I feel compelled to write to you about the naming of a parkette in our neighbourhood at the corner of Shuter and Sumach.

This naming- Louis March- by Moise came about without any input from the community. Given that we all use this parkette for various reasons, and live nearby, it is only reasonable that we have an opportunity to put forth names which then should be voted on by the residents, not by a single individual.

We ask that you motion this for your next meeting before it's too late to make the change.

Thank you.
